BE informed...STAY informed

To better and more promptly communicate important issues that may affect you and your insurance or financial planning – GIIG soon will be e-mailing updates on a regular basis.

Go to www.giig.com to ensure your e-mail address is on file.

“Refer a Friend” Program

Refer a friend to our agency and make a difference for the Salvation Army. For every referral you give to us, \$5 donation will be made in your name to the Salvation Army. That's it. They don't have to buy anything. Just be sure they mention your name when they call!

November 2009

“Honey, something’s going on”

Those were the words that jolted me out of bed at 4:30 a.m., Monday, December 15, 2008.

David Glidewell, founder of Glidewell Investments & Insurance Group, age 65, was having a heart attack.

Dave had suffered “*the widow maker.*” We learned that this term is used because if the artery gets abruptly and completely occluded it will cause a massive heart attack that will likely lead to death. From the minute a widow-maker hits, you have a five-minute window of time to get to a hospital or receive emergency care. It had taken us 20 minutes to drive to the hospital.

But thanks to God, to the cardiologist, and modern medicine, Dave's life was spared. We had our Christmas miracle. After five days in ICU, Dave was able to return home, and four days later was strong enough to attend Christmas Eve church services. His six month check up indicated that his heart functions had returned to normal.

He is back at work as GIIG's premier financial planner.

That day ended better than it started with, “**Honey, something’s going on.**”

Written by Carolyn Glidewell, Dave's wife of 43 years.

“Don’t Forget About Me!” said your policy

Unfortunately, we see and hear the sad stories every day...costly mishaps can occur.

Imagine your car sliding through that icy intersection... or coming home to see smoke near your home... someone unable to properly handle your ATV they borrowed...etc.

When you pick up the phone to determine how insurance will respond, won't it be comforting to hear, “It's okay – we discussed that in your review and you have the proper coverage”?

Life is busy, but please don't allow it to pass-by the coverage you selected years ago. It needs reviewed.

Call Carolyn Glidewell at 258-0024 to schedule your review.

“Time flies like an arrow. Fruit flies like a banana.”

Whether Groucho Marx really said that or not, I don't know, but I do know this...Next January is the 30th anniversary of Glidewell Investments & Insurance Group!

Through those years we have become such good friends with so many of our valuable customers, and are so grateful to each and every one of you.

Just as your lives have grown and blossomed, so has GIIG's! Through the years GIIG has become the following:

- Experts in **home** and **auto** insurance...focusing on working with **families** and walking them through umbrellas and other specialty coverage.
- **Opened a Financial Services Division.** Dave Glidewell – Registered Representative – has been in the top 10 Advisor Reps for Symetra Investment Services and has 30+ years of experience. Mark Glidewell – Registered Representative: President's Advisory Council-Blue Cross Blue Shield; licensed 13+yrs.
- Health Insurance specialists. Group health insurance. Individual health insurance. H.A.S.'s – GIIG is the place for you.
- Began **assisting more than 300 ministries (churches, camps & schools!)** all over the greater Northwest with their insurance issues.

Thank you! And here's looking at another 30 years!!!

How does your “Debt Literacy” compare to others?

Recently, Harvard Business Review conducted a survey that asked, “Suppose you owe \$1,000 on your credit card, and the interest rate you are charged is 20% per year compounded annually. If you didn't pay anything off, how many years would it take for the amount you owe to double?”

- A. Two years, B. less than five years,
- C. five to 10 years, D. more than 10 years.

Are you one of the 36% adults who would correctly answer – ‘C. five to 10 years’?

As the article reminds the reader – **we are ‘CFO’s of our own lives.**

That is why it is **imperative** we all understand what the national debt and the current economic environment means to our future.

Currently Mark Glidewell is visiting with our customers regarding these issues, the tax implications and what options most experts are recommending for consideration.

Don't miss out on this opportunity!
